## Railway of the Abode of Eagles: The Welsh Highland Railway

by John L. Dobson

*In this article, John L. Dobson, Editor of the Ffestiniog Railway Magazine published by the Ffestiniog Railway Society and a member of the Friends, presents the history of the Welsh Highland Railway and recounts the events that brought about the reopening of the WHR by the Ffestiniog Railway. John's article about the Ffestiniog Railway appeared in the Spring 2004 issue.*  
—the editor.

In both Britain and the USA there have been lines famous for clinging to life in the face of ultimate failure—railways built with misplaced enthusiasm in the wrong place or at the wrong time, lines on which traffic failed to materialise or disappeared soon after they were completed or lines which, despite their quaintness and the beauty of the country through which they passed, just failed to survive into the era of mass tourism. Some of these lines have
